## PREFACE

For the development of rural areas during the Five Year Plan 1978—83, a programme of Integrated Rural Development is to be launched in 3,500 C.D. Blocks. Among these blocks, priority will be given to those where the concentration of Scheduled Caste population is 20 per cent or more. The Social Welfare and Nutrition Division of the Planning Commission has compiled statewise list of blocks with Scheduled Caste population concentration and coverage of these blocks under programmes like SFDA, DPAP and CAD.

The booklet has been prepared for official use of the relevant Departments in various Ministries.
